

KS4 – Year 11 – Geography GCSE

Term	Topic Titles	Brief Overview
1	Hazards	Students will learn about the different types of natural hazards, their causes, impacts, and how people respond to and manage these risks.
2	Contemporary Urban Environments	Students will learn about the dynamic nature of urban environments, the processes of urbanisation, and the social, economic, and environmental challenges that cities face.
	Pre Release Booklet	Students will learn about how to complete decision making activities based on a real world concept that changes every year.
3	Revision and consolidation	In the final few weeks before external exams start and during the first few weeks of the exams, students focus on structured revision activities.
