Dear Parents/Guardians of Year 7 Pupils

Year 7 Social Media Groups/Parent Forums Concerns

We are aware that there are some social media groups and parent message forums that have recently made reference to incidents at Arden Academy. In our experience the vast majority of issues that are identified over such platforms are not always entirely accurate, as they can be an individual's perception or often relayed third hand, causing unnecessary concern amongst our parent body.

We would like to ask that if you have any concerns, or if your children raise concerns with you, to please contact your child's Form Tutor or Head of Year so that we can may have the opportunity to clarify information or take action as appropriate.

May we also take this opportunity to say how delighted we are with how the Year 7 pupils have settled into Arden and we hope you had a positive experience of the Year 7 Tutor meetings yesterday.

Kind regards

Mr Hooper - Deputy Headteacher
